Monday morning, February 20, 2006

**Pastor Tony:**

It was announced last night that today the team would be available to counsel, pray, minister to anyone individually. I'm sure that the thinking was that there would be just a few people that could come in the morning. Well, about 40 people showed up. Holy Spirit moved us to bring another teaching aimed at bringing them to the place where they know what is available for them to go. Demonstration is key in what we do here. Holy Spirit provided a willing Pastor (who was in pain) and a man who had never laid hands on somewhere before to bring a teaching example. It was complete with many aspects of prayer, except deliverance. It is truly powerful ministering to these hungry folks. Some of them walked as far as 22 miles to get here this morning. Wow!!!

Besides the healing anointing, I sensed a strong prophetic anointing here this morning. We asked them to come for prayer and prophecy for each individually. Everyone got up and came, it was powerful. Holy Spirit was moving in waves. You could literally feel new waves, and with each wave the sounds of people crying, praising, repenting, thanking got real loud as a new wave came. Wow, I love you Lord. I spent the entire time with one man that had believed the enemy's lies that he wasn't really called of God. Well, there was a commissioning service for this man. It was so powerful to see God touching and reaffirming the call. After an awesome time in His Presence, and a powerful, powerful, powerful touch on him (I could write a page on all the Holy Spirit took him thru), he then proceeded to prophecy over me. It was powerful, it shocked the beebies out of him and I really got blessed!

**Sherwin:**

This morning I myself, Casey and Harvey went hiking to the creek. As we were walking, we were encouraging one another. On the way back to the Church, Pastor Tony taught on the gifts of The Holy Spirit. The same anointing God has given unto him that you could go forth, lay hands on the sick and watch them recover. He asked those who were troubled with pain. The Pastor raised his hand and said he had been troubled with pain in his back. So Pastor Tony asked a guy near him if he would like to pray for him. As he laid hands upon the pastor, he was directed to command the spirit of pain to come out of him. When asked how he was feeling, he said that he was still having the pain. So, he asked the congregation to agree with the man praying. As we agreed, he continued to pray again. He commanded that spirit of pain to come out of him. Again when he checked the pain, he said that there was a little release. Pastor Tony called Casey & I to pray for him. As I agreed with Bro. Casey, we laid hands upon him and commanded that spirit of pain to go in Jesus Name. Again when asked how he was feeling, he told us, "I am healed!" We continued to bless him.

Pastor Tony asked who needed prayers, a few came up. There was a young man; he told me that he wanted to restore his life to God. He felt rejected, frustrated. As I prayed with him I commanded the false spirit to loose him, in Jesus Name. I prayed for joy, peace for his mind and for God to come and bless him right now. He started weeping, praying in tongues. I embraced him with love. He told me that he now felt the peace of God within him.

There was a pregnant woman, she came up for prayer. She told me that she wanted to know what God had called her for. She needed safe delivery for her child. As I lay my hand upon her, blessing her, I asked the Holy Spirit to come with His love. She started to cry. I felt in my spirit the Lord telling me that He had called her to minister to young people. She was so amazed, she looked at my face that it was her burden for young people. I asked the Holy Spirit to continue to bless her. I just want to thank God to minister to our needs. I give God all the praise, honor and glory. Thank you Jesus.

### **Harvey:**

Today got off to an odd start for me but didn't take long to get cranking. Casey, Sherwin, and I walked down to the boat landing where we came in yesterday. My monopod did not make it here and someone said they saw it sticking in the ground at the landing. When we got there, there was a stick in the ground but no monopod. So all we got was some exercise. A four mile walk, round trip.

The service started this morning with Pastor Tony teaching. When we started praying for the people I got to pray for several that had some pain, but the two that stand out was a woman that wanted to be a better worship leader and wanted more hunger. She got blasted. Yea God! The other one was a young lady that is an assistant youth leader. She wanted wisdom to be a better leader and more of God. She really got toasted. God is so cool. I almost forgot the first guy that I prayed for was from a nearby village and wanted prayer for God's increase and for provision for a church to be built in his village. If the presence of the Holy Spirit was any indication, things are really going to change in his village i.e. Holy Ghost explosion that will spread to the surrounding areas. I guess that was really the biggie for me. Later.

### **Casey:**

Waking up in tent city looking at everyone that had slept on the floor made me realize that I think I will never sleep in a tent again. Although God in His Grace allowed every one to receive the rest we needed. We ate breakfast and had a brisk hike with Sherwin and Harvey through the jungle, which ended up being a God thing. Sherwin needed to be ministered to and encouraged. So the morning was off to a great God start. The atmosphere here is so peaceful and it is so quite during the day and at night all the stars this is God's country. Fewer bugs would be good but what did we expect?

After Tony's teaching he had released us to pray for those that came to the meeting. I ended up praying for this one man all morning. How do you say it? "Quality not

quantity” and that’s what was going on with this man. He was so hungry all he wanted was more and that’s just what he got. When I finished praying for him I turned him around and put him right into action. The first girl we prayed for wanted to be saved and to have the Holy Spirit fill her up. This man was so excited to be able to pray for someone it was fun to watch him pray for her. As he prayed they both got filled with the Holy Spirit and began to vibrate. Then I walked over and helped Harvey pray for this young lady and she too was getting zapped. This is so much fun. See you all soon.

**Pastor Randy:**

The Lord seems to be continuing to loosen up the people to receive His great Love. I felt blessed to see that the grandmother brought back the little girl who had the painful knee. Wes and Igor prayed for the girl, and her mom was there also. The girl said that the pain had gone away. I am happy to see the little girl feel good. She was singing after the service and what a pretty voice.

**Igor:**

Hi guys! God is really using me in an awesome way. He is teaching me about word of knowledge. Every time I would say some word of knowledge God would have me pray for them. It’s really cool. I am having a lot of fun here. The food is good and the people are the sweetest people you will ever meet. I prayed for a lady who had headaches. She got instantly healed. The worship was fun I got pretty loose even though I don’t really know how to dance. But the Lord is good. Saying hi to all my people, stay cool. Byes

**WES:**

The people started showing up an hour before meeting time. Hungry for more of GOD Randy and I prayed for an elderly lady before the meeting. She had chest pains, numbness in her shoulder, down her arm to her fingers. We prayed for her heart and she was pain free instantly. Tony taught on and then released us to pray for those who needed it. I prayed for a man with back pain and he was healed, and another lady came with pain in her shoulders, elbows, and hands. HOLY SPIRIT showed me her arthritis, and I told her about it and she asked me to pray, that GOD was going to heal her. After praying she was all smiles and said that the pain was gone. She stood there praising the LORD and opening and closing her hands, then she started shouting and dancing. It is really cool to work beside the HOLY SPIRIT and have him touch everyone.

**Pastor Anil:**

Greetings to you in the Name of our wonderful Lord and Savior Jesus Christ. Well, where should I begin this report? After going through a Holy Ghost blast Sunday evening, God has been doing great and mighty things among the Amerindian brethren. We had a counseling session planned but instead it turned out to be a training session for leaders and potential leaders. After Pastor Tony had finished his teaching, word of knowledge began to flow. People came to the altar to be prayed for and as I began to pray

for individuals one pastor who had blurred vision received his PERFECT SIGHT! Another brother which had a hearing problem, after the power of God came all over him, he felt his ears just POP OPEN. His hearing was totally normal. Then I prayed for a woman which had her left ear totally deaf for the last 9 months. The power of God came upon her and her hearing was restored. Praise be to the Lord for all the great things He has done. God bless you.
