Pastor Tony:

Our last teaching session, and what do we do Lord? There is so much we would like to leave them with. We felt the leading to do a mock demonstration of deliverance and then teach on words of knowledge. The Holy Spirit, Casey and Harvey showed everyone the basic aspects of deliverance. The first member of the team (Holy Spirit) moved on the guys and it moved from mock to real. Whoa God! Harvey will be best to explain what happened. The people seem to get much when it is taught this way.

As we prayed for dreams to be released last night, I asked who had dreams and who wanted them interpreted. There was one after another. Really cool stuff! A lot having to do with their callings. They were really excited to find out how God was talking to them in this way. I just love doing Father's work, don't you?

The gift of the Holy Spirit of word of knowledge is one that these folks recognize they really need. Getting them to say anything is like pulling teeth, so while they are out there ministering they can use the gift to open doors. They all realize that, so they were very anxious to find out about and function and flow with Holy Spirit in His gifts.

After we prayed for them to receive words, the people began to share what they had gotten, the first number were mainly prophetic words of encouragement that came thru various means from Holy Spirit. There was an overall theme to what God was saying; "I will fill you, empower and bless you if you will go for me and be obedient to the leading of My Spirit!" The folks had open visions and one man even went into a trance, came out his body and was shown things in the spirit. They received words thru The Word of God, thru impulses, thru pictures, visions, etc. - it was great.

One lady stood to explain how she had seen a spirit of fear on the people which were hindering the blessing that God wanted to bring. The people that responded to that word were about ½ the people here today. We had them come up and the lady who had the word prayed over each person, with the team backing her up and soaking the people after she prayed. The Holy Spirit came upon her powerfully (really powerfully) and she quickly moved into the prophetic flow. It was absolutely awesome what happened with this lady. Everyone she prayed for was just getting blasted by Holy Spirit. Lots of good prophetic stuff today, bless You Lord!

Pastor Rakesh:

This morning Pastor Tony shared on word of knowledge. Yesterday I gave a word to a lady that she would lead the youths. Today she received a word that she saw a spirit of fear through word of knowledge. Pastor Tony told her to come up and he called all the people up who this word was for. There were a lot of young people. We help the lady

who had the word as she prayed over each person and MY GOD the anointing was so rich they start to cry and got deliverance, each one she prayed for was set free including her daughter.

While we were praying I got the word of knowledge about how her daughter was troubled from a child etc and she admitted it. So Casey helped me to pray and the Lord delivered her. It was awesome this morning how God used Pastor Tony to teach the word and then got the people to hear from God and to respond in the prophetic which is something really hard for these people they are so shy but all of it was so awesome praise the Lord for great things He has done!!!

WES:

Wonderful morning in the spirit. Pastor Tony did a teaching on word of knowledge and then put it into practical use. The people caught on fast and are eager to learn and work with the HOLY SPIRIT. One thing that I realized this morning is that I am learning right along with these people and there are areas of my life that are not totally surrendered to FATHER GOD. Thank you LORD for allowing me to be a part of this.

Casey:

This morning Tony gave a teaching on deliverance and words of knowledge. Harvey and I got to get into the action on the deliverance part. Tony had us do a mock deliverance so they could see how it is done. We found that it is easier than trying to explain. If you ask me this was a God set up for both of us. When I started to explain how to take someone through deliverance and the steps we use and I started in on Harvey with the interview. God moved on both of us and all I could feel is the Father's heart for him. He had an old wound that was still tender. At this point all I wanted to do is hug him and release a word that I was getting from the Holy Spirit for him. It made it hard to put my emotions aside and continue on in the teaching. Once the teaching was over we went outside and I was able to release what I was getting from God for him it was all good and a great confirmation for him.

After that Tony taught on words of knowledge and that went very well. When he finished teaching he prayed over everyone to receive a word and they got them. The best part was this one lady got a word for a bunch of them about fear. This finished off the teaching in an awesome way. Tony had her pray for everyone that came up front and then we would soak them. This woman was flowing in the river of God and moving in the prophetic and once again all I could feel is the father's heart for these people as I soaked them in prayer. Wow if I had Kleenex I would have used the whole box it was real good it just makes you want more. The best thing is there is more...

Blessings to all that are praying for us see you soon. ><

Harvey:

This morning was really good. In the process of helping teach thru a mock deliverance God revealed to me how tender an old wound still is. The anger was long gone and forgiveness was there but I did not realize how tender the wound was. We used anger and unforgiveness in our mock deliverance. Our demonstration worked good though and Tony continued with the teaching.

After the teaching on words of knowledge Tony had the people give the words and do the praying. It was so cool to watch God work. The one woman had a word that many responded to and when she began to pray it was very clear she was flowing in the river. Many thanks and blessings to those of you supporting us in prayer.

Later.

Pastor Randy:

Well, Pastor Tony gave a wonderful teaching that was clear enough for anyone to understand the operation of the Holy Spirit through the Gift of Knowledge. We all had the opportunity to just soak those who were receiving ministry. One of the girls I was praying for to be filled with the Love of God, agreed readily for it and the Holy Spirit was all over her.

Father God is very generous with His Love. Tonight is the finally of this outreach, I wonder what the Lord has in store for the Amerindians and for me?

Igor:

Another wonderful day

Pastor Anil:

We had a leadership conference and as it began Pastor Tony began to teach on word of knowledge expounding on the Word showing people from Scriptures how word of knowledge has been there all along. As he began ask everyone to receive from the Holy Spirit a prophetic message. So as we began to spend time before the Lord, word of knowledge began to flow.

One sister got a word which almost everybody seated there, it was for. It was powerful, she began to prophecy and people were delivered and set free. Others got visions and God confirmed from His Holy Word and it really made a DRASTIC change in the lives of these people.

Sherwin:

Hi, what's up? I greet you in the Name of The Lord. It is awesome to be in the interior with lovely Amerindian people. I was blessed and challenged to be there. We had a seminar with the Pastor's and leaders.

Pastor Tony began to teach on the gifts of the Spirit with demonstration power of the Holy Ghost. Dreams and visions. He asked some people if they would like to take part. He told all to close eyes and ask God to give a prophetic encounter. There were a few people that responded. There was a lady who the Holy Spirit came upon and gave her a word of knowledge. As she came forth, she gave the word for a lot of people. They came up to the altar. Pastor Tony told her to lay her hands upon them. As she began to pray, she started moving in the Spirit and everyone was totally healed/delivered. I just want to give God praise for using her that way! That's it for now.
